## About the College

Ezhuthachan College of Pharmaceutical Sciences, established in 2003, is a prestigious Institution under the Ezhuthachan National Academy. Ezhuthachan National Academy was founded in 2002 with the aim of stepping into the Academic field to bring up the intellectual talents in the young generation and thus fulfill the desires of the great poet Thunchath Ramanujan Ezhuthachan. The location of the College is in a grand eleven acre campus at Marayamuttom 25 km. south to Thiruvananthapuram city.

The College houses well laid out, well equipped and well maintained laboratories for different branches of Pharmacy- Pharmaceutics, Pharmaceutical and Medicinal Chemistry, Pharmaceutical Analysis, Pharmacology, Pharmacy Practice, Pharmacognosy, Microbiology & Biotechnology and Computer Education. There is a Medicinal Garden with an array of Medicinal Plants beside the main College building.

Now the College offers M. Pharm (Pharmaceutics, Pharmaceutical Chemistry and Pharmacology), Pharm D, B.Pharm and D. Pharm courses. The college is affiliated to the Kerala University of Health Sciences and approved by All India Council for Technical Education and Pharmacy Council of India.

Ezhuthachan College of Pharmaceutical Sciences provides the students an atmosphere to nourish their internal skills and qualities. The academic system is devised so that each and every student gets an opportunity to think freely and develop his skills to maximum. We strongly believe that professionalism can be cultivated only through rational ways of thinking and performing. Students should come out with their ideas and suggestions in any aspect of education and especially be focused on innovative research. Most of our students are lacking an initial pull, which should be given by the teachers/Mentors. Here the students are also trained to improve their presentation skills and personality. As far as academics are concerned much emphasis is given to industrial and practical exposure as well as clinical and practical training. Research oriented way of learning is more effective rather than mugging up a lot of theory. We believe that the knowledge of the Pharmacy student should be current and always the updation of his knowledge is necessary. The student should be aware of what are the latest innovations going on in the field of Pharmacy globally, at the same time he should learn to evaluate himself and try to continuously improve his knowledge levels. Here comes the importance of commitment and awareness which are the strong pillars of Total Quality Management (TQM). Our institution is excelled in the field of Pharmacy Education just because each and every person among us being a part of the institution is totally aware of the task assigned to us and committed to do the work in a perfect manner.

The classes for our 20<sup>th</sup> batch B.Pharm and 8<sup>th</sup> batch Pharm.D will commence on 16/01/2023 with the inaugural ceremony followed by orientation program. We solicit your presence to grace this auspicious occasion.

## Achievements

### Academics

---

- ▲ Secured Second Rank in Pharm.D -2015 batch from Kerala University Health Sciences.
- ▲ Secured Second Rank in B.Pharm -2016 batch from Kerala University Health Sciences.
- ▲ Secured Third Rank in M.Pharm (Pharmacology) - 2016 batch from Kerala University Health Sciences.
- ▲ Secured Third Rank in M.Pharm (Pharmacology) - 2017 batch from Kerala University Health Sciences.
- ▲ Secured First Rank in M.Pharm (Pharmacology) - 2018 batch from Kerala University Health Sciences.

### Research

---

- ▲ Completed AICTE MODROB Research entitled Modernization of Pharmacology Lab for Performing Neuropharmacological Research worth Rs.12,28,617 lakhs.(Department of Pharmacology)
- ▲ Completed AICTE MODROB Research entitled Formulation and Characterization of Different Dosage Forms Containing Herbal Floating Drug Delivery worth Rs.13,66,667 lakhs. (Department of Pharmaceutics)

### Courses offered

---

- B.Pharm
- Pharm.D
- D.Pharm
- M.Pharm
  - Pharmaceutical Chemistry
  - Pharmacology
  - Pharmaceutics
